REGARDING: Meeting with Examiner to discuss
US Patent Application 10/010,435

MESSAGE

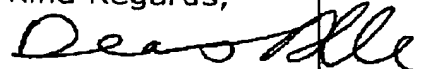

Dear Jessica,

Richard and I would like to meet with you at the USPTO to discuss the current Office Action on US Patent Application No. 10/010,435 titled "Glass Panel".

The sole inventor Richard Collins is semi-retired. I work with a company called Universal Solar and Surface Science Pty Ltd (USSS) which is partly owned by the assignee "The University of Sydney". USSS is responsible for managing the Glass Panel IP and the commercialisation of the Glass Panel technology.

Noting the response deadline of 26th October, would you be available on Wednesday 19th October just before lunch to meet with us? We propose to send you our discussion points at least a week before this date. We await approval from Richard's doctor that he is fit to travel to the USA. In the meantime I would like to confirm your availability for our meeting on the 19th October.

Kind Regards,

Dr Dean Alle
